Report of Road Commissioner

The surface treated roads were in good condition last spring compared with a year ago. The cost being greatly reduced.

The Pittsford road was shaped and treated at a cost of \$1,447.48; State paid \$723.74.

East Proctor road was treated at a cost of \$666.22; State paid \$333.11.

Woodstock Avenue also was shaped and treated at a cost of \$1149.26, State paying \$574.63.

The State money, sum of \$1919.28, was expended on the Chittenden road, portion paid by State being \$1,331.20, 5% fund of \$331.20 included.

Unselected fund of \$550.78 was divided as stated:

Post Road, 540 ft., cost	\$229.36
West Proctor road, 900 ft.,	\$334.03

The sum of \$2478.52 was used for resurfacing, State paying \$1652.34, as stated below:

Dyer road, .03 mile, cost	\$ 462.26
Billings road, .03 mile, cost	563.88
Chittenden road, 3000 ft., cost	1452.38

I have relaid 3 stone culverts and 7 new culvert pipes. I relaid the main sewer at Mill Village at a cost of \$196.53.

I have drawn orders to the amount of \$13,768.09 as follows:

Respectfully submitted,

FRED S. HAWLEY,
Road Commissioner.

To the Board of School Directors and Citizens of the Town of Rutland

I submit the annual report of the school department of the Town of Rutland.

Since most of us are interested in figures I will begin my report by quoting from the statistical report of last July first.

In June there were 112 boys and 100 girls enrolled in our schools. They were divided according to grades, with promotions and failures, as follows:

Grade 1....	32....	Promotions 27....	Failures 5
Grade 2....	27....	Promotions 26....	Failures 1
Grade 3....	19....	Promotions 18....	Failures 1
Grade 4....	28....	Promotions 26....	Failures 2
Grade 5....	26....	Promotions 25....	Failures 1
Grade 6....	33....	Promotions 32....	Failures 1
Grade 7....	28....	Promotions 27....	Failures 1
Grade 8....	19....	Promotions 19....	Failures 0

During the year of 1928-29 we had 288 pupils enrolled in all of our schools, 150 in the Center School and 138 in the rural school. The enrollment this fall is slightly smaller than that of last year. At the end of the fall term the school registers had the following numbers enrolled at some time during the term, Center Rutland School, 142; Cheney Hill, 22; Dyer, 33; Haiti, 18; Mill Village, 28; Post, 21; total for all, 264.

Besides the pupils enrolled in our schools we have 6 elementary pupils for whom we must pay tuition. Five of these are at Sunnyside School in Mendon, and one is in Rutland. All of these children are from the Mendon-Killington Ave. district where we have no school of our own.

This year we have 12 pupils living outside of our school districts, and are being transported. Five of these children are at the Center Rutland School and seven are at Cheney Hill.

Our record of this year shows that we have 61 pupils enrolled in secondary schools of this or other states. Of this number 46 attend Rutland High School, 1 Pittsford High, 1 Vermont Academy, 9 Mt. St. Joseph's Academy, 3 West Rutland High School and 1 Loomis Institute, Windsor, Conn.

During the year of 1928-29 we paid tuition for 61 pupils, the same number we have now enrolled. In June we granted certificates to 19 eighth grade pupils. Thirteen of these students are now enrolled in Rutland High School, 1 at Mt. St. Joseph's Academy, 1 at West Rutland High School, 1 at school in New Jersey, 1 is working, 1 helping at home and one has moved out of town.

From our records of the past few years we find that most of our children are seeking a higher education. Only 3 from the class of 1928, and 2 from the class of 1929 have failed to enter some secondary school. Since failures in high school are much rarer than in the past, this leaves an increasingly large number of students in secondary schools.

This year we have 29 pupils in all of our eighth grades, and will lose about 12 or 13 from high schools by graduation. Since most of our eighth graders will probably go on in school, our numbers next year will be increased rather than decreased. Because of the increased cost of tuition, and the large percentage of school money that must be used for this purpose, we have a constantly growing problem that must be dealt with by the school board and taxpayers of the town.

This year we have been following the attendance plan that has been in successful operation in Rutland for the past few years. If a school or a room has a percent of 97 or over for a month that room earns a half holiday the first Friday of the next month. We find that under this plan no more time is given up than under the old plan of dismissing at three o'clock on Fridays for a week's perfect attendance. We feel that the plan has been most successful, particularly in some schools where much unnecessary absence had been the rule.

Our percent of attendance for the year of 1928-29 was 95.4. Our percent for the fall term of fifteen weeks, under the new plan, was 97.7. Good school attendance is coming to be recognized as a good business proposition by most of the taxpayers. It costs no more to operate a classroom with a hundred percent attendance than it does with ninety percent. In the latter case the school is being operated at a ten percent loss. This is an important fact that probably has never occurred to many people. The financial loss is not the only consideration. There is a handicap to the pupil through scattered absences, as well as the lowering of the efficiency of the whole class. No business enterprise would tolerate the percentage of absences and tardiness experienced in schools. It is too disorganizing to be profitable.

The great burden for good attendance now falls on the teacher. Parents should share this responsibility, they should impress on the child the importance of regular attendance not only as benefit to the community in getting the maximum out of school funds, but as benefit to the child himself in right habit training.

I think that our good attendance records are proof that the large majority of our parents realize these facts, and are cooperating and helping the schools in their work of furthering good attendance.

This summer some changes and repairs are necessary in order to keep our rural schools in good condition. During the summer and fall the school board has rebuilt and repaired the foundation at the Cheney Hill School, and has filled in a part of the playground. At Mill Village School a new window has been cut in the south side of the building, this greatly improves the lighting. New double roller, duck curtains have also been added. The interior of the Dyer School has been completely repainted and renovated. This fall fire extinguishers were placed in all of the schools. The school board feels that because of the value of the buildings and equipment this is a most wise precaution to take. A number of other small jobs of repairing and plumbing work have been completed. During the coming summer it will be

necessary to continue the repairing and painting in several of the schools, in order to keep them in first class condition.

The thrift project at the Center School, carried on through the Rutland Savings Bank, has been quite successful this year. About \$110.00 has been saved from September through January.

Last fall a vacancy occurred at the Cheney Hill School through the resignation of Miss Edith Fish, who is now teaching in Rutland. The vacancy was filled by Miss Mildred M. Dwyer of Center Rutland. Miss Dwyer attended the University of Vermont and is a graduate of the Castleton Normal School.

The remainder of the schools are filled by the same teachers we had last year. All of our teachers are striving to maintain a high educational quality in their schools. We are fortunate in having a body of teachers who are always willing to maintain a living interest on the part of both the pupils and parents in their schools. What it costs to schools to regain pupils whose interest has been lost through inefficient teaching or management is not known in figures. The value of a commodity lies in the quality of its service, so the real value of good schools lies in the service its teachers render to the community through their schools. The school system that retains the interest of the pupils, and gives valued service through its executive and teaching force, is more economical than a service costing less per pupil, but unable to hold pupil's interest and giving mediocre service through a large school turnover each year.

Our Parent-Teacher Associations, while in some cases not as active as in former years, have continued to show interest in, and to cooperate with the schools.

In closing I wish to thank all of the parents and other interested friends of our schools for the help and cooperation they have given to the schools during the past year.

Respectfully submitted,

MARGARET C. McCORMACK,
(Supt. of Schools.)

Center Rutland, Vt., Feb. 1, 1930.

Orders Drawn by School Commissioner's

Feb. 1, 1929 to Feb. 1, 1930

NOTICE

The legal voters of the Town of Rutland are hereby warned to meet at the Town Hall at Center Rutland on Tuesday, March 4, 1930 at 10 o'clock A. M., to act on the following matters, namely:

1. To see if the Town will empower and authorize Selectmen to appoint one or two Road Commissioners.
2. To choose all necessary officers required by law.
3. To see if the Town will vote to raise money by tax or otherwise to pay current expenses and indebtedness of the Town and State, School, Highway and County taxes.
4. To see what time the several taxes shall be due and payable.
5. To see what compensation the Town will vote for Town Officers.
6. To see if the Town will appropriate a sum of money to secure the use of the Rutland Free Library to the inhabitants of the Town, and if so, how much.
7. To see what provisions the Town will make for the higher education of the scholars of the Town.
8. To see if the Town will authorize the Selectmen to borrow money for the temporary use of the Town.
9. To transact any other necessary, legal and proper business.

H. W. ROSS,

O. A. THOMAS,

O. S. FROST,

Selectmen.

Rutland, Vt., Feb. 11, 1930.
